Outdoor U.S. Flags | Beacon®

The Best Flag Guarantee

Our exclusive Beacon® and Patriarch® family flags are covered, including:

- Nylon U.S. Flags
- Polyester U.S. Flags
- State Flags
- POW/MIA Flags
- Custom Flags
- Solid Colored Flags

Unsurpassed Quality. Guaranteed.

We believe in providing our customers with high-quality flags that last. Expertly crafted by the most experienced flag makers in the industry, a flag with the Carrot-Top name features fade-resistant colors, durable fabric and fray-resistant stitching. We are committed to your satisfaction.

Look for our "Industry's Best Six-Month Guarantee" logo on our most popular flags to ensure you purchase a flag with fade-resistant colors, durable fabric and fray-resistant stitching.

EMBROIDERED & APPLIQUÉD STARS

Embroidered stars with back-stitch reinforcement are featured on all of our 12' x 18' and smaller exclusive U.S. flags. Larger U.S. flags have carefully appliquéd stars.

BRASS GROMMETS & ROPED HEADING

Canvas heading and brass grommets are featured on all of our exclusive U.S. flags up to 6' x 10'. Larger U.S. flags have nylon rope reinforced with a galvanized metal thimble.

FRAY-RESISTANT STITCHING

Flags 2' x 3' to 6' x 10' feature four-stitch fly ends and interlocking stitches on the stripes, to resist fraying. Flags 8' x 12' and larger use six-stitch fly ends for durable seams.

Need Replacement Parts?

Replacement parts are available online. Visit carrot-top.com/flagpoles-sets/accessories for more details.

CARROT TIP: We recommend using nylon or poly-cotton with our outrigger flagpoles. Polyester and cotton flags can be too heavy for the pole, especially when they get wet.

POW/MIA Flags

- Single-sided flags read correctly on one side.
- Double-sided flags read correctly on both sides with two seals sewn to flag, with a thin layer of fabric between.
- Outdoor flags finished with canvas heading and solid brass grommets; indoor or parade flags are made of nylon and finished with pole hem and white fringe.
- Choose outdoor nylon or extra-tough polyester, covered by our six-month guarantee.
- **Patriarch®** polyester flags are extra-tough and stand up to high winds. Their appearance is textured and similar to cotton.
- **Beacon®** nylon flags are both lightweight and durable. This best all-around fabric dries quickly and flies beautifully, even in a gentle breeze.

FLAG FLYING ORDER

U.S. Flag

01

When the American flag is flown on the same flagpole as an organization, state or city flag, the U.S. flag should always be placed at the top of the pole, in a position of honor.

State Flag

02

When flown on the same flagpole, the state flag should always fly below the U.S. flag and be at least one size smaller. Flown on separate poles, the state flag should be flown to the right of the U.S. flag.

POW/MIA

03

When flown on the same flagpole, the POW/MIA flag should always fly below the U.S. flag and be at least one size smaller. If the U.S. and state flags are on the same pole, the POW/MIA flag should be flown below the state flag.

Army Flag

04

The Army flag was first unveiled on June 14, 1956. The Army flag should be the first in order of precedence for U.S. Armed Services flags.

Marine Corps

05

The Marine Corps flag was first adopted on January 18, 1939. The Marine Corps flag should be the second in order of precedence for U.S. Armed Services flags.

Navy Flag

06

The Navy flag was formally introduced to the public on April 30, 1959. The Navy flag should be the third flag in order of precedence for U.S. Armed Services flags.

Air Force

07

The Air Force flag was officially adopted on March 26, 1951. The Air Force flag should be the fourth flag in order of precedence for U.S. Armed Services flags.

Coast Guard

08

The Coast Guard flag was officially adopted on January 28, 1964. The Coast Guard flag should be the fifth flag in order of precedence for U.S. Armed Services flags.

Space Force

09

The Space Force flag was unveiled on May 15, 2020. The Space Force flag should be the sixth flag in order of precedence for U.S. Armed Services flags.

WITH THE FLAGS OF OTHER NATIONS: Each flag should be the same size and displayed at the same height. It is inappropriate to display one country's flag above another.

Flagpoles | Aluminum Internal Halyard

PROTECT YOUR FLAG FROM THEFT WITH AN INTERNAL HALYARD POLE

1

REVOLUTIONARY DESIGN

Concealed halyard and cleat doesn't break the tapered line of the aluminum flagpole

2

CLEAN LOOK

Beauty and clean lines of the enclosed halyard system eliminates rope clanging on the outside of the pole

3

TAMPER PROOF

Halyard runs inside of the pole to prevent flag theft and vandalism; lockable door limits access to the cleat

4

COLOR OPTIONS

Choose from Satin, Bronze, Black or Clear Anodized finish. See swatches on page 26

Custom Products

BEACON[®] *Custom*

Beacon[®] Custom Flags Offer Unlimited Color Choices

- One of our most popular custom options
- Our state-of-the-art digital print process produces near photo-quality

reproductions, shading and other fine detail on 200 denier nylon material

- Outdoor flags are finished with heading and grommets; indoor flags are finished with pole hem and fringe
- Double-sided flags are an excellent choice for parades; the design is clearly visible from the front and back
- Double-sided construction will increase the weight of your flag and will require more wind to fly
- For custom sizes and pricing for quantities greater than shown, please call 800-628-3524 for assistance

Identity – Distinguish the identity of your school, government agency or business

THE RIGHT MAT FOR EVERY JOB!

Preventative Maintenance

Entrance mats are the first line of defense to stop dirt and moisture from entering your building.

Mats are the most effective way to keep your building clean by stopping dirt and moisture at the door.

Here's how we have defined each mat's purpose in 1-2-3 steps:

STEP 1 EXTERIOR: Scraper Mats

STEP 2 ENTRYWAY: Scraper/Wiper Mats

STEP 3 INTERIOR: Wiper Mats

SuperScape™ Impressions Custom Mats

Looking to Save Money?

To receive quantity pricing, each custom design will need to be the same size and have the same logo, colors and text.

Banner Materials:

18 oz. Premium Heavy-Duty Vinyl

- Our most popular
- Recommended for light to moderate wind areas

Main Street

- Acrylic-coated polyester material
- Recommended for high wind areas

12 oz. Mesh

- Strong, double-sided vinyl mesh printed with vibrant UV resistant inks
- Excellent for high wind areas

Eye-Catching Digitally Printed Outdoor Custom Street Banners

- Cutting-edge digital printing technology captures the finest detail and ensures that banners read correctly on both sides
- 18 oz. vinyl, 12 oz. mesh and Main Street banners feature sewn seams and pole sleeves finished with grommets
- 18 oz. vinyl and 12 oz. mesh banners are printed with UV-resistant inks to slow fading
- Unique design of the mesh street banner allows the air to flow through your banner which eases tension on your hardware
- Main Street and 12 oz. mesh banners are intended for use in high wind areas, while featuring the same print quality as vinyl

CARROT TIP: If purchasing a street banner for existing hardware, please call us for professional assistance.
